

Tony Finelli, MD, MSc, FRCSC
Canada

Dr Tony Finelli is a urologic oncologist and surgeon investigator at the University Health Network (UHN) and Professor in the Department of Surgery at the University of Toronto in Canada. He is the Head of Urology, GU Site Lead at the Princess Margaret Cancer Center and was the inaugural GU Oncology Lead for the province of Ontario.

Dr Finelli is the Anna-Liisa Farquharson Chair in Kidney Cancer Research at the Princess Margaret Cancer Centre. He has built a program focused on correlative studies to improve our understanding of the natural history of localized kidney cancer. He is also actively involved in clinical trials and health services research. He has published more than 100 peer-reviewed manuscripts and holds peer-reviewed funding for his research.

Dr Finelli's clinical practice focuses on the management of prostate and kidney cancer with minimally invasive and robotic techniques. He has performed live surgery for instructional purposes in more than 10 countries. Dr Finelli is recognized internationally for his contributions to the growing body of literature regarding the management of small renal masses.
