

**Belinda Jargo**  
**Australia**

Belinda Jargo's professional career has been in the field of People and Culture since 1981. She has held a variety of operational and strategic roles across banking, IT, manufacturing and the community services sector with a special interest in acquisitions and restructuring. Her interest in kidney cancer stems from her role as a carer for her daughter who was diagnosed with kidney cancer in 2006 at the early age of 13, sadly passing away at the age of 19 in 2011. Volunteering is an opportunity for Belinda to share the knowledge and skills she has acquired during her own experience and to pursue her passion for assisting cancer patients, their carers and families, with a particular interest in kidney and AYA cancers.
