Andrew Weller has been under surveillance for 27 years as part of a hereditary kidney cancer study. Due to the prevalence of kidney cancer in his family, he began volunteering with Kidney Cancer Canada in 2010 to help advocate for access to innovative treatments and promote information for patients. Andrew was elected to the Kidney Cancer Canada Board in 2011 and has served as Chair since 2014. Andrew is also on the Board of the Kidney Cancer Research Network of Canada, where he has participated in drafting Canadian Protocols/Consensus Statements for Hereditary Kidney Cancer Screening and Follow Up and Small Renal Mass Treatments and adjudicated research grants.

Andrew is currently the Procurement Director for Rexall Pharmacy Group ULC. He also is Co-Chair of the Rexall Care Network's Giving Committee which supports Caregivers.
