

## Joining the IKCC Network: Application Form

International Kidney Cancer Coalition (IKCC) is the only global patient-driven organisation focused on kidney cancer. Initiated in 2009 and incorporated in 2014, we are a global network of Partner Organisations working together to reduce the burden of kidney cancer locally and globally through collaboration, sharing and learning from each other. Together we are improving research, treatment, care and survivorship through evidence-based education, awareness and advocacy programs that respond to the needs of people affected by kidney cancer.

All organisations with a specific focus on kidney cancer are welcome to apply to join the network. As part of IKCC's Constitution, we welcome patient organisations that have an interest in kidney cancer to be a part of the IKCC network.

Please check each box below with an 'x' to confirm your organisation's eligibility to join IKCC as a Partner Organisation.

### Partner organisation criteria:

- Has a focus on providing services to and/or supporting patients with kidney cancer, including awareness, education, research and advocacy efforts
- Is recognised and/or registered as a non-profit organisation
- Is willing to adhere to the ethical guidelines for charities and non-profits according to national contexts
- Is willing to work with other organisations with common objectives
